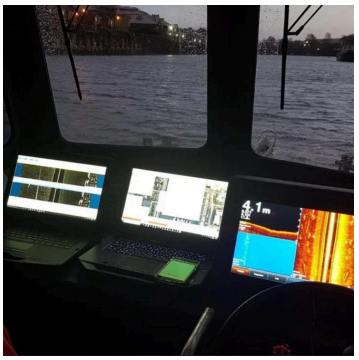
Spec Sheet

MV *Express Surveyor*

Workboat /Survey Boat



The MV *Express Surveyor* is a highly capable nearshore workboat. It is MCA coded Cat 4 for a maximum of six persons onboard. It comes equipped with a high level of navigation instrumentation and safety equipment typically found on much larger and more expensive vessels. Maintained in a “ready to roll” condition, it can quickly and easily be mobilised to support a larger project or to work independently.
